What does it really mean to enroll into the Mayhem Academy?

When you submit the enrollment application, you are essentially creating a super-powered version of yourself or unlocking your inner hero. In doing this, you (your character) automatically becomes part of the Mayhem Academy student body.

This means that your newly designed character will now interact with other established Mayhem characters and maybe even be the focal point in one of the Mayhem Academy adventures. It also means that your character will crossover into any and all Mayhem Academy endeavors such as the Mayhem Academy books, on MA t-shirts, MA greeting cards, MA video & board games, etc.

What should I expect after I enroll?

Once your application has been approved you will receive your student ID card via the US Mail. This ID card will have your name, your listed abilities, current battling status, and it will have your unique character or student serial number. This number is stored in our data base and identifies you with your varsity name; insuring that no one in the same city will have your chosen name. You will also receive your class schedule and a full-color illustration of your mayhem character. Allow 2 - 4 Weeks for all items to be processed and delivered.

What is the tuition cost to enroll and when is it paid?

Tuition is \$10.00 and it is paid only once; at the time of application.

How long will my character be allowed to stay in the Mayhem Academy?

Membership in the Mayhem Academy never expires. Your character will live on forever.

Once I submit my enrollment form, can I change it?

Yes and no. You can make visual and core power changes to your character up until the time it's published in the Mayhem Academy yearbook. After that, the only changes you can make are power adjustments to your core power.

Can I influence the destiny of my created character?

Yes; to a point. While we strongly encourage you to make suggestions regarding your character, we have to consider the overall story line of the Mayhem Academy when crafting the stories.

Can I pick which Ja'kirate Battle team I get to play on?

Yes, you can.

Am I limited to just one character or can I create more than one?

You can create as many mayhem characters as you want. The only limit will be your imagination.

Are there any limitations on what kind of character I can create?

If your character is a student in the Academy then it has to be between the ages of 10-18. If your character is a member of the Mayhem Academy faculty then their age must be at least 18 and up. Other than those age requirements, your character can be anything and act anyway you want it to as long as it does not promote racism or bigotry in any way.

What if the "Varsity" name I want has already been chosen?

If the varsity name you want to use has been chosen by someone else in the same city that you reside in, then you'll have to choose a different name for your character. However, if the name has only claimed by people outside your particular city, then you can still register your character under that name.

Once I make up the character and submit it, is it still legally mine?

No. For legal reasons, all submitted and accepted characters become the sole legal property of Jappa Publications. However, we encourage you to keep writing and developing them and hopefully, someday you can join us at Jappa Publications as one of the Mayhem Academy writers.
